

SPECIAL DAIRY HEIFER SALE & DAIRYMEN'S APPRECIATION DAY

Saturday - December 8, 2018

RECEIPTS OF 994 HEAD

This sale offered a good cross section of Dairy Females with about 60% Jersey x Heifers and 40% Holstein Heifers. It's evident that the current Industry shift is still towards Jersey and Jersey X cattle letting them outsell the Holstein Cattle. Holstein open heifers as replacements are currently selling at or slightly above feeder price levels.
